## Item 4 – Advisory Services

---

### A. Firm Information

Buckhorn Investment Advisors LLC formerly known as Veritas Investment & Wealth Advisory (“Buckhorn” or the “Advisor”) is a registered investment advisor located in the State of North Carolina. The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Wyoming. Buckhorn was founded in November 2017 and is owned and operated by Julian F. Patton Jr (President & Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Buckhorn.

### B. Advisory Services Offered

Buckhorn offers investment advisory services to individuals, high net worth individuals, trusts, estates, corporations, retirement plans and pooled investment vehicles (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Buckhorn’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

#### Investment Management Services

Buckhorn provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Buckhorn works closely with each Client to identify their investment goals and objectives, as well as risk tolerance and financial situation in order to create a portfolio strategy. Buckhorn will then construct a portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, bonds or options contracts to meet the needs of its Clients. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

Buckhorn’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Buckhorn will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Buckhorn evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Buckhorn may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Buckhorn may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Buckhorn may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Buckhorn accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. For additional information, please see Item 12 – Brokerage Practices.

### Financial Planning Services

Buckhorn will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Buckhorn may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

### Retirement Plan Advisory Services

Buckhorn provides advisory services on behalf of company retirement plans (each a "Plan") and the company/sponsor (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Investment Management Services (ERISA 3(38))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

These services are provided by Buckhorn serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Buckhorn's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

### Private Fund Advisor Services

The Advisor serves as the investment manager to a pooled investment vehicle (the "Fund"). These services are detailed in the offering documents for the Fund, which include as applicable, operating agreements, private

placement memorandum and/or term sheets, subscription agreements, separate disclosure documents, and all amendments thereto (“Offering Documents”).

***For more detailed information on investment objectives, policies and guidelines, please refer to the Fund’s Offering Documents.***

### **C. Client Account Management**

Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Buckhorn will be independently valued by the Custodian. Buckhorn will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5C. below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

#### Private Fund Advisor Services

The Fund does not charge an investment management fee. However, the Advisor does charge a performance allocation fee which is outlined in Item 6 below.

**For more detailed information on the fees and compensation received by the Advisor, please refer to the Fund's Offering Documents.**

#### **B. Fee Billing**

##### Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] by the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The investment advisory fee is then forwarded to the Advisor or deposited into an account designated by the Advisor. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Buckhorn at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Buckhorn directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

##### Financial Planning Services

Financial planning fees are invoiced 100% upon completion for the agreed upon deliverable[s] and are due upon receipt.

##### Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

#### **C. Other Fees and Expenses**

Clients may incur certain fees or charges imposed by third parties, other than Buckhorn, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, if applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by Buckhorn are separate and distinct from these custody and execution fees.

In addition, all fees paid to Buckhorn for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Buckhorn, but would not receive the services provided by Buckhorn which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Buckhorn to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

#### Private Fund Advisor Services

The Fund will incur additional fees such as platform management fees, placement fees, and other operating expenses which may include, without limitation, brokerage commissions and other transaction costs, clearing

and settlement charges, custodial fees, bank charges, margin and interest expense and commitment fees on debit balances or borrowings, borrowing charges on securities sold short, fees and expenses related to currency hedging transactions, consulting fees and expenses, portfolio tracking software, fees and expenses of professionals providing services to the Fund, including legal, audit, accounting, tax and administration, organizational expenses, expenses related to the offer and sale of the Interests, Platform Management Fees, regulatory costs, any taxes, regulatory filing and license fees, costs of reporting and providing information to investors.

#### **D. Advance Payment of Fees and Termination**

##### Investment Management Services

Buckhorn is compensated for its services in advance of the quarter investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing thirty (30) days advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client may terminate an agreement with 30 days prior written notice and will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

##### Financial Planning Services

Buckhorn requires an advance deposit as described above. Either party may terminate the financial planning agreement, at any time, by providing thirty (30) days advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate. The Advisor will refund any unearned, prepaid financial planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

##### Retirement Plan Advisory Services

Buckhorn is compensated for its services in advance of the quarter, before retirement plan advisory services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing thirty (30) days advance written notice to the other party. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. The Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

#### **E. Compensation for Sales of Securities**

Buckhorn does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

#### **Item 6 – Performance-Based Fees and Side-By-Side Management**

---

##### Investment Management Services

Buckhorn does not charge performance-based fees for its investment management services.

##### Private Fund Advisor Services

Buckhorn does charge a performance-based fee to the Fund. The performance-based fee for any period shall be 20% of the increase in the net asset value of each investor's interest for such period. The Advisor may, in its discretion, waive, reduce or rebate the performance-based fee including affiliates of the Advisor; provided,

however, that no such waiver, reduction, or rebate will adversely impact any other investor or cause them to bear a higher portion of the performance-based fee than they would bear absent such waiver, reduction, or rebate.

Investors should understand that certain conflicts of interest exist due to performance-based fee arrangements, which include the fact that a performance-based fee arrangement creates an incentive for Buckhorn to make investments that are more risky or more speculative than might otherwise be the case in the absence of such arrangement.

To mitigate the conflicts, the performance-based fees are structured so that the previous net asset level must be passed in order to receive the fee. Additionally, Buckhorn has adopted and implemented policies and procedures intended to address conflicts of interest relating to the management of multiple types of Clients, including Clients with multiple fee arrangements, and the allocation of investment opportunities.

## **Item 7 – Types of Clients**

## **Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss**

---

### **A. Methods of Analysis**

#### Investment Management Services

Buckhorn employs fundamental, technical and cyclical analysis in developing investment strategies for its Clients. Cyclical and Technical analysis may also be utilized at times when deemed appropriate to achieve a Client's specific goal. Research and analysis from Buckhorn are derived from numerous sources, including financial media companies, third party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

*Fundamental analysis* utilizes economic and business indicators as investment selection criteria. These criteria generally consist of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have a negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

*Technical analysis* involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns

and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that the Advisor will be able to accurately predict such a reoccurrence.

*Cyclical analysis* is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that Buckhorn is recommending. The risks with cyclical analysis are similar to those of technical analysis.

As noted above, Buckhorn generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Buckhorn will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Buckhorn may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

#### Private Fund Services

The Fund has a specific investment strategy, which is detailed in its respective Offering Documents. Research for potential investments include: (i) reviewing company materials, (ii) performing independent research of company and industry, (iii) consultation, when possible, with subject matter experts on company prospects and technology, (iv) meetings and/or calls with management teams, and (v) onsite visits, when allowed.

Based on research and internal discussions, the Advisor determines the comfort level of an investment, including consideration of expected risk. The Advisor then determines the amount to be invested and makes the investment. The Advisor performs ongoing monitoring of the investment, mainly through phone calls with management, reviewing reports from management, or to the extent permissible, onsite visits.

#### **B. Risk of Loss**

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Buckhorn will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

#### Market Risks

15720 Brixham Hill Avenue, Suite 300, Charlotte, NC 28277  
Phone: (704) 887-4942

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

#### ETF Risks

The performance of ETFs is subject to market risks, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

#### Mutual Fund Risks

The performance of mutual funds is subject to market risks, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

#### Private Fund Investments

Prospective investors should be aware that investing in the Fund involves a significant degree of risk of loss and clients should understand that risk and be able to bear that risk. The Funds are illiquid investments due to their lack of marketability and the fact that investors are not able to withdraw funds or redeem their investment during the life of the Fund, except in very limited circumstances. There can be no assurance that Buckhorn will achieve the investment objectives of the Funds and a loss of investment is possible. Prospective and existing investors should review the Offering Documents and other documents carefully for details on the Fund's investments as well as operational and other actual and potential risks. **For more detailed information on the risk factors, please refer to the Fund's Offering Documents.**

**Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

#### **Item 9 – Disciplinary Information**

---

**There are no legal, regulatory or disciplinary events involving Buckhorn or Mr. Patton.** Buckhorn values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov) by searching with the Advisor's firm name or CRD# 291890.

#### **Item 10 – Other Financial Industry Activities and Affiliations**

---

##### Insurance Agency Affiliation

Mr. Patton is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from Mr. Patton's role with Buckhorn. As an insurance professional, Mr. Patton will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Patton is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Patton or the Advisor.

#### **Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

---

**Buckhorn Investment Advisors LLC**

## A. Code of Ethics

Buckhorn has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Buckhorn ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. Buckhorn and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Buckhorn's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (704) 887-4942.

## B. Personal Trading with Material Interest

Buckhorn allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Buckhorn does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Buckhorn does not have a material interest in any securities traded in Client accounts.

## C. Personal Trading in Same Securities as Clients

Buckhorn allows Supervised Persons to purchase or sell the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material, non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material, non-public information. This risk is mitigated by conducting a coordinated review of personal accounts and the accounts of Clients. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

## D. Personal Trading at Same Time as Client

While Buckhorn allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Buckhorn, or any Supervised Person of Buckhorn, transact in any security to the detriment of any Client.**

---

## Item 12 – Brokerage Practices

### A. Recommendation of Custodian[s]

Buckhorn does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Buckhorn to direct trades to the Custodian as agreed upon in the investment advisory agreement. Furthermore, Buckhorn does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

While Buckhorn does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Buckhorn. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Buckhorn may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation and/or the location of the Custodian's offices. Buckhorn will generally recommend that Clients establish their account[s] with TD Ameritrade Institutional, a division of TD Ameritrade, Inc. ("TD Ameritrade"). TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer and member FINRA/SIPC. TD

Ameritrade will serve as the Client's "qualified custodian." TD Ameritrade offers to independent investment Advisors services, which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program. Please see Item 14 below.

**1. Soft Dollars** – Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Buckhorn does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14.

**2. Brokerage Referrals** – Buckhorn does not receive any compensation from any third party in connection with the recommendation for establishing an account.

**3. Directed Brokerage** – All Clients are serviced on a "directed brokerage basis," where Buckhorn will place trades within the established account[s] at the Custodian designated by the Client. Furthermore, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Buckhorn will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

## **B. Aggregating and Allocating Trades**

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Buckhorn will execute its transactions through the Custodian as authorized by the Client. Buckhorn may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

## **Item 13 – Review of Accounts**

---

### **A. Frequency of Reviews**

Securities in Client accounts are monitored on a regular and continuous basis by Julian F. Patton Jr, President and Chief Compliance Officer of Buckhorn. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

### **B. Causes for Reviews**

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Buckhorn if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

### **C. Review Reports**

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage

statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

## **Item 14 – Client Referrals and Other Compensation**

---

### **A. Compensation Received by Buckhorn**

Buckhorn does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Buckhorn may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Buckhorn may receive non-compensated referrals of new Clients from various third-parties.

### Participation in Institutional Advisor Platform

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

### **B. Client Referrals from Solicitors**

If a Client is introduced to Buckhorn by either an unaffiliated party or by a Buckhorn affiliate, Buckhorn may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the investment management fees earned by Buckhorn and shall not result in any additional charge to the Client.

## **Item 15 – Custody**

---

Buckhorn does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian." Clients are required to engage the Custodian to retain their funds and securities and direct Buckhorn to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Buckhorn to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

## **Item 16 – Investment Discretion**

---

---

**Buckhorn Investment Advisors LLC**  
15720 Brixham Hill Avenue, Suite 300, Charlotte, NC 28277  
Phone: (704) 887-4942  
<http://www.buckhornadvisors.com/>

Buckhorn generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Buckhorn. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Buckhorn will be in accordance with each Client's investment objectives and goals.

---

### **Item 17 – Voting Client Securities**

---

Buckhorn has the authority to vote client securities. The Advisor has adopted proxy-voting guidelines to ensure all votes are made in the best interest of the Advisor's Clients.
